Maritime Piracy/Terrorism Working Group: [redacted]

- On 6 July, [redacted] attended the second interagency meeting on the worldwide piracy problem. The Navy presented a briefing on what is known about the problem and the key areas affected. FEMA was to have established a working group on the availability and flow of piracy information and to have had a report prepared for this 6 July meeting; however, the FEMA action officer had never convened his working group. The working group will finally meet on 14 July and [redacted] plans to attend.

Intelligence Collection Against China: [REDACTED]

● The initial draft of the CIPC discussion paper, which was completed last week and which summarized the substance of the membership's response, is undergoing revision to incorporate CIPC management comments and additional complementary data provided by the [REDACTED] committee staff. The revised draft, which should be completed this week, will now also include:

[REDACTED] Analysis of the relative importance of the PRC, drawing on the DCI's priorities and a policy consumer survey of 1981, will appear as an appendix. (Provided)

CW/BW Treaty Monitoring Study: [REDACTED]

● This project is being pursued on a "time available" basis pending final completion of the PRC paper. Discussions have been initiated with [REDACTED] (ex-ICS), now on the Advanced Concepts Staff within ORD. He has shown great interest in contributing to CIPC's inquiry, and has indicated a half-time availability to do so. The potential of new technology, to the extent any exists, may well be with [REDACTED]

● Efforts to establish a point of contact for the desired visit to Edgewood Arsenal were initiated, but such a visit will have to wait until next week when key people return from leave.

Imagery Exploitation Planning: [REDACTED]

● Efforts are under way to arrange orientation visits and briefings to NPIC [REDACTED] These arrangements should be completed this week.

Strategic Cruise Missile Study: [REDACTED]

25X1

- The Cruise Missile Status Report was completed last week. Copies of the report were sent to members of the CIPC on 11 July. (Attached)
- Additionally, the CM Working Group plans to meet at least twice a week for the next two to three weeks to firm up their recommendations to be contained in the final report.
- Finally, their report is presently in the drafting phase and they are working to have a draft report completed for review by the end of July.

25X1

Measurement and Signature Intelligence (MASINT): [REDACTED]

25X1

- A brief paper discussing alternative approaches to the establishment of a separate tasking organization for MASINT is in preparation. A detailed outline, with a summary discussion, of the pros and cons of each alternative is being discussed with the respective committee chairmen and D/PBS. A complete draft will be available by Friday, 15 July, for formal review and comment by them. The revised paper, incorporating their comments, will be presented to the CIPC at its July meeting.
